COLOMBIA : BEYOND EL DORADO

Seeks to position Colombian mining among the main investment worldwide destinations, showing a vibrant sector that operates under high standards and is aligned with the most relevant issues for today's society.

COLOMBIAN MINING IS PROJECTED IN A WORD-CLASS SCENARIO

Under the motto "Connecting Minds, Creating the Future", Expo 2020 Dubai will be a space that will have creativity, innovation and collaboration as protagonists, where more than 180 countries, international organizations and global companies will present their proposals and opportunities to the world in all sectors.

COLOMBIAN PAVILION

Colombia will have a pavilion to publicize the offer, attractions and opportunities in key sectors. Mining will be one of the protagonists in this excellent scenario, where we will present a sector that is projected into the future in terms of opportunity, mobility and sustainability (global axes of the Expo) to attract investments to the country. Investments include the minerals production of the future, as well as the activities development that generate added value (science and technology, industry, human talent) and to enhance the mining activity connected with the communities.
